Approval of 2010 and 2011 Minutes: Motion R Morris/2nd W Gerdes

President's Report by David Hicks:

- HOA management – a change was made from full-time management to semi-self management when Red Oak started managing HOA (2009). This has saved the HOA \$2,000 to \$3,000 each year (TMMC averaged \$9,000 per year for 52 properties).
- Assessment remained at \$375 per house/lot.
- Board of Directors meetings – held quarterly. Both draft and approved minutes can be found on the HOA website.
- One special meeting – a hearing regarding parking violations, which resolved well.
- The association's website, TallPinesRanch.org, has been functioning for 2 years.

WATER:

- A policy was implemented, per legal advice, which included a fine system for going over the allowed per lot limit, which is 146,946 gallons per year.
- In 2009, 9 of 41 homes used more. In 2010, 6 of 41 homes used more. In 2011, 7 of 42 homes used more.
- Historically, overall use in the development was observed. Now, the new policy is to look at usage per individual lot.
- Potential actions: Court orders, fines (up to \$500/day), pumping may be limited, no external irrigation allowed, frequent reporting required, complete shut down of well.
- Draughts, like now, can cause more need of water to keep landscape green.
- The Tall Pines Ranch Water Policy and Resolution was addressed (available on website).
- 2012 well readings are due to the HOA by October 31, 2012.

ACC applications: 1 new home construction, 3 outdoor home modifications, 2 landscaping

Covenant violations: 16 unique violations, involving 13 separate properties, were addressed in 2012. These involved parking (cars, trailers, mowers, etc.), oversized sale signs, improper storage, loose dogs, pine beetle-hit pines, etc.

Treasurer's Report by Larry Lawrence

- Financials were covered, including 2011 year end & 2012 year-to-date (on website).
- 2013 Budget was approved: Motion by B Schlinker/2nd R Morris
